

PRICING DIMENSIONAL SHIPMENTS – STEPS

1. Go to CN's [website](#) and login to ebusiness.
If you are not a registered CN Customer please register: [eBusiness](#) / or call 1 800-361-0198
2. Establish correct routing protocol by using **Get Rail Miles and Routes** in order to use the correct Interchange location for a Rule 11 price or to determine if both the origin and destination points are served by CN directly (final routing will be subject to clearance approval).
3. Click on **Get a Carload Price** under **Rates and Service** and follow steps 1 – 3 as indicated below,

Get a Carload Price

Follow the steps, then click Submit.

- 1 Select the CN origin:
City: Carrier: *CN
- 2 Select the destination and carrier:
City: Carrier:
- 3 Select a product by entering its STCC or commodity name:
STCC/Commodity:

Optional Search Criteria

Equipment Type: Equipment Ownership:

*Required Fields

Please leave equipment type and ownership as All Equipment All Equipment Ownership (do not change)

4. Check **Pricing Conditions** to determine which rate will apply and applicable conditions of dimensional shipment(s).

Price Conditions
Description
Charges are subject to final clearance.
RATE IS EXCLUSIVE OF ANY CAR USER CHARGES.
Rates are applicable from/to CN accessible stations via interswitching or reciprocal switching.
RATES MAY BE USED IN A COMBINATION RATE OVER CORRESPONDING PROVINCIAL/ STATE INTERCHANGES
EXCLUDES ALL TRAFFIC WHICH EXCEEDS LENGTH OF RAILCAR, IE; BOLSTERED LOADS AND OVERHANG LOADS.
PRICE APPLIES IN CANADIAN FUNDS.
In addition, rates herein are subject to optional services fees, where incurred, in accordance with Tariff CN 9000, CN 9001, CN 9002, CN 9003, CN 9004, and CN 9006, supplements thereto and reissues thereof.
Rate includes limited liability coverage of \$25,000 USD while handled by Carriers shown in route.
Subject to movements defined in CN routing protocol for this gateway. These specified gateways can be found at www.cn.ca/GetRoute .
Applicable in cars with lading weight equal to or greater than 100,000 lbs but less than 150,000 lbs.
Applicable in all equipment types.
Rates herein are subject to Fuel Surcharge Tariff CN 7403 series, supplements thereto or reissues thereof.
Price applies when lading piece does not exceed 12 feet, in width (Non-dimensional and dimensional Class D1 - D3).
Rate(s) subject to selective increases or cancellation with 30 days notice, which shall be provided exclusively by direct communication to subscribers of this publication. Failure to subscribe shall be considered an absolute waiver to such notice period. Subscribing to a publication can be done using the Price Documents tool on CN eBusiness at www.cn.ca .
Not applicable on Intermodal shipments.
Not applicable on Schnabel and depressed centre flat cars
Price does not include buffer/seperator cars, if required, based on dimensional clearance requirements. Please contact the Dimensional Marketing team for applicable pricing: dimensionals@cn.ca
Rates are exclusive of blocking, bracing, loading, unloading, cartage, special train handling, special equipment, demurrage and detention.

For shipments exceeding the aforementioned weight and dimensional classifications in these tariffs or if shipper, consignee or care-of party is not CN rail served, kindly contact Specialized Services directly, dimensionals@cn.ca

For clearance information, please contact hiwide@cn.ca

Please note that the amount of time it takes to set-up a new customer, obtain a clearance report and supply a car for loading can range from three to eight weeks – advance planning is essential.

CN's liability is limited to \$25,000. A signed declaration to this effect is required.

Please contact our Specialized Services team for further information, dimensionals@cn.ca.
