

## Creating Opportunities Through sports for inner city youth

For several years, Dennis - an Extra Clerk for Transportation and Intermodal in Harvey, Illinois - has been coaching basketball for boys and girls aged nine to 18.

"I didn't have these kinds of opportunities when I was growing up, and I want to give these kids more than what I had," says Dennis, who joined CN in 2008.

That's why Dennis spends 10 hours a week volunteering for Make a Difference Foundation in South Holland, Illinois, which provides scholarships for disadvantaged youth, as well as clothing and food for the homeless.

"CN's grant will help offset registration costs, and we're also using it to transport kids to and from our programs who otherwise couldn't come. CN's support really means a lot to our organization."

"We're instilling things in these kids now that they'll need for the future, and we try not to leave any child behind" - Dennis Brady
