

We take care of that.

We do it all. We supply the containers - ourselves or through our partners - we truck your shipment to our nearest intermodal terminal, we load the container onto our CN train, and we get it to its destination. Whether you are a small business, a valued transportation partner or a retailer, Intermodal is accessible. If you can fill a container, we can ship it. And CN intermodal can help you **save up to 20% of your shipping costs.**
