1. OVERVIEW

Canadian National Railway Company (“**CN**” or “**Company**”) is committed to adhering to the highest possible standards in its corporate governance practices. As set forth in this Corporate Governance Manual, these practices are designed to assist CN in achieving its principal stated corporate objective, which is the enhancement of shareholder value on a long term basis. CN believes that in order to enhance shareholder value, on a long term basis, it is advisable to take into account the interests of its other stakeholders.

“Corporate governance means the process and structure used to direct and manage the business and affairs of the corporation with the objective of enhancing shareholder value, which includes ensuring the financial viability of the business. The process and structure define the division of power and establish mechanisms for achieving accountability among shareholders, the board of directors and management. The direction and management of the business should take into account the impact on other stakeholders such as employees, customers, suppliers and communities.” (“Where Were the Directors?” - Report of the Toronto Stock Exchange Committee on Corporate Governance in Canada, December 1994, p. 7).

The following description of CN’s corporate governance practices fully complies with the disclosure and listing requirements of the Toronto Stock Exchange (the “**TSX**”) and with applicable Canadian legislation and related regulations such as National Instruments 51-102, 52-108 and 58-101, Multilateral Instruments 52-109 and 52-110 and National Policy 58-201 of the Canadian Securities Administrators (the “**CSAs**”) (collectively the “**Canadian Corporate Governance Standards**”). In addition, CN complies with the New York Stock Exchange’s (the “**NYSE**”) corporate governance standards and with applicable U.S. legislation, such as the *Sarbanes-Oxley Act of 2002* and related regulations (collectively the “**US Corporate Governance Standards**”)¹.

Disclosure of CN’s corporate governance practices is made annually in the Management Information Circular (“Information Circular”) provided in connection with the annual meeting of shareholders, which Information Circular is available on CN’s web site at www.cn.ca, under Delivering Responsibly/Governance.

CN’s Board of Directors (the “**Board**”) from time to time reviews this Corporate Governance Manual with a view to continuously improving CN’s corporate governance practices by assessing their effectiveness and comparing them with evolving best practices, standards identified by leading governance authorities and CN’s changing circumstances and needs.

¹ This Corporate Governance Manual complies with the Canadian Corporate Governance Standards and US Corporate Governance Standards as they exist today. This manual shall be reviewed by CN’s Board of Directors, from time to time, in order to ensure on-going compliance with such standards.

2. BOARD OF DIRECTORS

2.1 Composition of the Board

CN's Articles of Continuance, as amended, provide that its Board shall consist of a minimum of seven and a maximum of 21 directors.

The Corporate Governance and Nominating Committee (the "**Governance Committee**") regularly reviews with the Board Chair the size and composition of CN's Board and that of its committees to favour effective decision-making. The Governance Committee also considers the geographical representation, business background, personal qualities and diversified experience of the Board as a whole in the context of CN's evolving business environment. Finally, the Governance Committee regularly monitors Board membership to ensure that the Board functions effectively, taking into consideration CN's circumstances and requirements.

Independent directors comprise a substantial majority of CN's Board.

In determining whether or not a director is "Independent", as that term is defined in the Canadian Corporate Governance Standards and the US Corporate Governance Standards, the Board considers all material relationships that a director may have with CN. In addition, a director is not independent if:

- (a) the director is, or has been within the last three years, an employee of CN, or an immediate family member of the director is, or has been within the last three years, an executive officer of CN;
- (b) the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$CAD 75,000 in direct compensation from CN, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
- (c) (A) the director or an immediate family member of the director is a current partner of a firm that is CN's internal or external auditor; (B) the director is a current employee of such firm; (C) the director has an immediate family member who is a current employee of such firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such firm and personally worked on CN's audit within that time;
- (d) the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another entity where any of CN's present executive officers at the same time serves or has served on that entity's compensation committee;
- (e) the director is a current employee, or an immediate family member of the director is a current executive officer, of a company that has made payments to, or received payments from, CN for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$US 1million, or 2% of such other company's consolidated gross revenues.
- (f) the director is a current employee or an immediate family member of the director is a partner or executive officer of a firm that receives payments from CN for professional services in an amount which, in any of the last three fiscal years, exceeds 3% of the total annual billing of the firm.
- (g) the director or an immediate family member of the director is an executive officer, director or trustee of a not-for-profit organization that has received charitable contributions from CN in an amount which, in any of the last three fiscal years, exceeds 1% of that organization's consolidated gross revenues (CN's contributions matching employee contributions being excluded from such calculation).

In its determination as to the independence of directors, the Board may also consider mutual and reciprocal directorships of Board members.

In order to be considered Independent, a member of the Audit Committee (the “**Audit Committee**”) must also qualify as such under the applicable Canadian Corporate Governance Standards and US Corporate Governance Standards, and as such may not, other than in his or her capacity as a director or member of a Board committee and subject to the exceptions provided in Canadian and U.S. laws and regulations, accept directly or indirectly any fee from CN or any subsidiary of CN nor be an affiliated person of CN or any subsidiary of CN.

In order to be considered Independent, a member of the Human Resources and Compensation Committee (the “**HR and Compensation Committee**”) must also qualify as such under US Corporate Governance Standards.

With a view to further directors’ independence, the Board has adopted a policy pursuant to which a director shall not accept the invitation to join an outside board on which a director of CN already sits without previously obtaining the approval of the Governance Committee. In addition, the Board has adopted a policy to the effect that no more than two of the Company’s directors should generally serve on the same outside board or outside board committee.

The Board discloses annually which directors qualify as Independent.

In addition, all members of the Audit Committee are “financially literate” and several members of the committee meet all the criteria to be designated as “audit committee financial experts” (under the applicable US Corporate Governance Standards).

In determining whether or not a director is “financially literate”, the Board considers if the director has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by CN’s financial statements.

In determining if a director is an “audit committee financial expert” under US Corporate Governance Standards, the Board considers if the director has acquired, through (i) education and experience as a principal financial officer, principal accounting officer, controller, public accountant or auditor, or experience in one or more positions that involve the performance of similar functions, (ii) experience actively supervising a principal financial officer, principal accounting officer, controller, public accountant, auditor or person performing similar functions, (iii) experience overseeing or assessing the performance of companies or public accountants with respect to the preparation, auditing or evaluation of financial statements, or (iv) other relevant experience, the following attributes:

- (a) an understanding of generally accepted accounting principles and financial statements;
- (b) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;
- (c) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by CN’s financial statements, or experience actively supervising one or more persons engaged in such activities;
- (d) an understanding of internal controls and procedures for financial reporting; and
- (e) an understanding of audit committee functions.

2.2 Appointment of Directors

In consultation with the Board Chair, the Governance Committee reviews annually the credentials of nominees for election or re-election as members of the Board. It considers their qualification under applicable law, the validity of the credentials underlying the appointment of each nominee, and, for nominees who are already directors of CN, an evaluation of their skills, effectiveness and performance as members of the Board, including their attendance at Board and committee meetings. Board and board committee members are expected to attend all meetings; those who have attended less than 75% of meetings of the board or meetings of committees on which they sit, for more than two consecutive years, without a valid reason for the absences, will not be renominated. The Governance Committee then submits a report to the Board Chair, for presentation to the Board.

In proposing the list of CN Board nominees, the Board is guided by the following process:

- based on CN's current business plan, the opportunities and risks facing CN, the nature of CN's operating and competitive environment, and the work carried out by each of the committees of the Board, the Governance Committee identifies, in consultation with the Board Chair, the expertise, competencies, skills and knowledge that the Board as a whole and its committees require to understand the business, to adequately fulfill their mandates and enhance shareholder value;
- the Board Chair, in consultation with the Governance Committee, develops a competency matrix with knowledge areas, types of expertise, competencies, skills and geographical representation listed on one axis and individual Board members listed on the other;
- based on the results of the most recent director performance assessment both at the Board and committee levels, the Governance Committee's knowledge of the competencies, skills, personal qualities, availability, geographical representation, business background and experience of the Board members and with the help of the competency matrix, the Governance Committee identifies any improvement to be addressed in the director nomination process;
- based on the improvements to be made as identified by the Governance Committee, and considering Board membership requirements such as those for Independence and availability, the Governance Committee, in consultation with the Board Chair, conducts a search for the requisite new Board members;
- once potential Board candidates have been identified, the Board Chair meets with and interviews each candidate to assess the candidate's fit with the Board and the candidate's ability to work as part of a team and advises the Governance Committee of the results;
- as appropriate, the Governance Committee may rely on assessments made by the Board Chair and other Board members who have interviewed or who know the candidate(s);
- based on the above process and the recommendations of the Governance Committee, the Board Chair brings forth to the Board, for consideration and approval, a slate of nominees to consider for appointment as directors of CN at the next annual meeting of shareholders.

In order to assist the Governance Committee and the Board Chair in recommending candidates to become directors of CN, the Governance Committee shall constitute and update a list of potential candidates. Such a list will be constituted and updated based on the same process as described above with respect to CN Board nominees.

CN recognizes that Board membership requires a significant dedication of time. As a result, the number of boards on which an individual can serve is necessarily limited. With a view to taking reasonable steps to ensure the ability of each candidate to make the commitment of time necessary to be a director of CN, the Board will apply the following guidelines when considering candidates to become directors of CN:

- for candidates that are chief executive officers or other senior executives of public corporations, the Board will prefer individuals who hold no more than two (2) public corporation directorships in total (including CN's Board and membership on the board of the corporation at which an individual is employed).
- for other candidates, the Board will prefer individuals who hold no more than five (5) public corporation directorships in total (including CN's Board).

The Governance Committee, in consultation with the Chief Legal Officer (the “CLO”), will assess annually if Board candidates meet the above guidelines. For the purpose of assessing the number of public corporation directorships held by a candidate, it is understood that directorships with public entities associated, affiliated or otherwise related together may be considered as constituting only one directorship.

The term of office of each director expires at the close of the annual meeting of shareholders following that at which he or she was elected. Board nominees, as recommended by the Governance Committee and the Board Chair and approved by the Board, are put to a vote of shareholders. Should a vacancy occur during the course of the year, the Board may fill the vacancy in accordance with the foregoing process and applicable laws. In accordance with CN's Articles, the Board may appoint one or more additional directors, who shall hold office for a term expiring not later than the next annual meeting of shareholders, but the total number of directors so appointed may not exceed one third of the number of directors elected at the previous annual meeting of shareholders.

Board Diversity policy

CN believes that increasing the diversity of the Board to reflect the communities and customers CN serves is essential in maintaining a competitive focus. The Board, upon the recommendation of the Governance Committee, approved a *Diversity Policy* which provides that the Governance Committee will consider candidates on merit, based on a balance of skills, background, experience and knowledge. In identifying the highest quality directors, the Governance Committee will take into account diversity considerations such as gender with a view to ensuring that the Board benefits from a broader range of perspectives and relevant experience. The Governance Committee will also set measurable objectives for achieving diversity and recommend them to the Board for adoption on an annual basis. Pursuant to the policy, the Board adopted a target of having a minimum representation of one-third of the Board by women which it has exceeded and will maintain, and additionally aspires to attain, by the end of 2022, a Board composition in which at least forty percent (40%) of directors are from a broader range of diverse groups (women, Aboriginal peoples, members of visible minorities and persons with disabilities).

Majority Voting Policy

The Board has adopted a policy providing that a nominee for election as a director of CN who receives a greater number of votes “withheld” than votes “for”, with respect to the election of directors by shareholders, will tender his or her resignation to the Board Chair promptly following the meeting of shareholders at which the director is elected. The Governance Committee will consider such offer and make a recommendation to the Board whether to accept it or not. The Board will make its decision and promptly announce it in a press release within 90 days following the meeting of shareholders, a copy of which will be provided to the Toronto Stock Exchange. The Board shall however, accept the resignation absent exceptional circumstances. The resignation shall be effective when accepted by the Board. The director who offered to tender his or her resignation should not be part of any committee or Board deliberations pertaining to the resignation offer. This policy only applies in circumstances involving an uncontested election of directors. An “uncontested election of directors” means that the number of director nominees is the same as the number of directors to be elected to the Board and that no proxy material is circulated in support of one or more nominees who are not part of the candidates supported by the Board. Subject to any corporate law restrictions, in the case where the Board accepts the offer of resignation of a director and that such director resigns, the Board may leave the resultant vacancy unfilled until the next annual meeting of shareholders.

It may also choose to fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the shareholders. It may further decide to call a special meeting of shareholders at which there will be presented a new candidate to fill the vacant position.

Board Tenure Policy

The Board has adopted a policy on the mandatory retirement age for directors whereby a director would not, unless otherwise determined by the Board, in its discretion, be nominated for re-election at the annual meeting of shareholders following his or her seventy-fifth birthday. Furthermore, the Board Chair, the Committee Chair and individual director tenure are subject to the following term limits:

- Effective as of April 23, 2014 but without regard to past service, CN's Board Chair will serve for a term of five (5) years, renewable for one further three (3) year term, subject to the discretion of the Board to further extend the term, if deemed appropriate. At the end of the term(s) as Board Chair, the departing Board Chair would not stand for election as a director of CN at the next following annual shareholders' meeting.
- Effective as of April 23, 2014 but without regard to past service, Committee Chairs will serve for a term of three (3) years, renewable for one further two (2) year term, subject to the discretion of the Board to further extend the term, if deemed appropriate.
- Effective as of April 25, 2017, any member of the Board of Directors who is elected or appointed for the first time will serve for a maximum term of fourteen (14) years.

In each of the above instances, the election or appointment of the CN Board Chair or Committee Chairs, respectively, remains subject to annual review and election/appointment and the above term(s) for the Board Chair and Committee Chairs remain subject to the mandatory retirement age limit of 75 years of age. The Board retains its discretion to extend the above term limits, which will preserve its ability to deal with special circumstances warranting the extension of the mandate.

In addition, directors are expected to inform the Board Chair of any major change in their principal occupation so that the Board would have the opportunity to decide the appropriateness of such director's continuance as a member of the Board or of a Board committee. Directors are expected to provide the Board Chair with information as to all boards of directors that they sit on or that they have been asked to join so as to allow the Board to determine whether it is appropriate for such director to continue to serve as a member of the Board or of a Board Committee. The Governance Committee and the Board Chair will apply Board nominee selection criteria, including directors' past contributions to the Board and availability to devote sufficient time to fulfill their responsibilities, prior to recommending directors for re-election for another term.

2.3 Mandate of the Board

The Board has clearly delineated its role and the role of management. The role of the Board is to supervise the management of CN's business and affairs, with the objective of increasing shareholder value. Management's role is to conduct the day-to-day operations in a way that will meet this objective.

The Board approves all matters expressly required herein, under the Canada Business Corporations Act (the "**CBCA**") and other applicable legislation and CN's Articles and By-laws. The Board may assign to Board committees the prior review of any issues it is responsible for, or as required by applicable laws. Board committee recommendations are generally subject to Board approval. The Board has delegated the approval of certain matters to management pursuant to its Standing Resolutions on Delegation of Authority, as amended from time to time.

Meetings of the Board are held at least seven times a year and as necessary.

As part of its stewardship responsibility, the Board advises management on significant business issues and has the following responsibilities:

- approving the annual budget of the Investment Division of CN's Pension Trust Funds.

F. Monitoring environmental, safety and security matters

- monitoring and reviewing, as appropriate, CN's environmental, safety and security policies and practices.

The non-executive Board members meet before or after every Board meeting without the presence of management and under the chairmanship of the Board Chair. If such group includes directors who are not Independent, an executive session including only Independent directors is held regularly.

Board members are expected to demonstrate a high level of professionalism in discharging their responsibilities. They are expected to attend the meetings of the Board and of the Board committees on which they sit and to rigorously prepare for and actively participate in such meetings. They should review all meeting materials in advance. They are also expected to be available to provide advice and counsel to the President and CEO or other corporate officers of CN upon request.

The Board annually reviews the adequacy of its mandate.

2.4 Board Performance Assessment

The Board has implemented and reviews, from time to time, a process to annually assess the effectiveness of the Board, Board committees, Board and committee chairs and individual directors. This process is under the supervision of the Governance Committee and the Board Chair and comprises the following steps:

- The following questionnaires are prepared by the Office of the Corporate Secretary and approved by the Governance Committee and the Board Chair, taking into account current issues, previous years findings and input from the Board:
 - (i) Board and Committee performance evaluation questionnaires, including an assessment of individual directors;
 - (ii) a Board Chair evaluation questionnaire; and
 - (iii) Committee Chair evaluation questionnaires.
- Such questionnaire takes into account the responsibilities set forth in Board and Committee mandates as well as competencies and skills each individual director is expected to bring to the Board.
- Each questionnaire is then sent to every director and a complete set of the responses is forwarded to the Board Chair, except for the responses to the Board Chair evaluation questionnaires, which are forwarded directly to each of the chairs of the Governance Committee and the HR and Compensation Committee.
- Following receipt of the completed questionnaires, the Board Chair contacts each director to discuss the answers and any comments to the questionnaires which the director may have. One of the Governance Committee or HR and Compensation Committee chairs also discusses individually with each director the director's responses and comments on the Board Chair evaluation questionnaires.
- Full reports are then made by the Board Chair and the Governance Committee and HR and Compensation Committee chairs to the Governance Committee and the Board, with suggestions to improve the effectiveness of the Board, Board committees, Board and committee chairs and individual directors.
- The Board Chair and committee chairs take into consideration the overall results and suggestions derived from the annual Board performance assessment in order to improve the functioning and activities of the Board and Board committees.
 - In addition to the above, the Board may, from time to time, hire an independent advisor to independently assess or assist the Board in independently assessing the performance of the Board, Board committees, Board and Committee chairs and individual directors. Such assessment may include an individual director peer assessment conducted with the assistance of an independent advisor.

2.5 Director Emeritus

The Board may, from time to time, confer the honorary status of Director Emeritus to retiring or former directors who have made significant contributions to the Board through long and distinguished service and accomplishments. As a general rule, over ten (10) years of tenure as CN Board member would be considered long service; however, exceptions can be made in length of service, if recommended by the Board Chair or the President and CEO and approved by the Board.

Emeritus titles are granted by action of the Board on recommendation by the Board Chair or the President and CEO. Upon approval of the recommendation by the Board, the designation of "Emeritus" shall then be added to the designation of the former or retiring director. The Director Emeritus status is a lifetime designation.

A Director Emeritus status confers the benefits and privileges described below. He or she will

- be invited to the Annual General Meeting of CN; and
- be invited to certain CN or CN Board events taking place in the geographical area of residence of the Director Emeritus.

Directors Emeritus shall be reimbursed for reasonable travel and other out-of-pocket expenses incurred in connection with attendance at the above-mentioned events.

3. BOARD CHAIR

3.1 Role

The Board Chair is an Independent director who is designated by the Board. The Board Chair's key role is to take all reasonable measures to ensure that the Board (i) has structures and procedures in place to enable it to function independently of management, (ii) carries out its responsibilities effectively and (iii) clearly understands and respects the boundaries between Board and management responsibilities.

The Board Chair may vote at meetings of the Board and at all meetings of the committees of which the Board Chair is a member.

The Board Chair may attend and participate in all meetings of the Board committees.

The Board Chair's responsibilities include the following:

A. Providing leadership to enhance Board effectiveness

- taking all reasonable steps to ensure that the Board works as a cohesive group and providing the leadership essential to achieve this;

C. Ensuring Board quality and continuity

- meeting, from time to time, with the Governance Committee to review Board, Board committee, committee chairs and Board members' performance and to discuss nominees as directors to be submitted to the Board for its approval;

- in consultation with the Governance Committee, monitoring and reviewing, as appropriate, CN's orientation and continuing education programs for Directors;
- in consultation with the Governance Committee, developing a competency matrix for Board membership.

D. Acting as liaison between Board and management and representing CN to external groups

- facilitating the conduct of relationships between the Board and management in a professional and constructive manner. This involves working closely with the President and CEO and the CLO to take all reasonable steps to ensure that CN is building a healthy governance culture;
- at the request of the Board or the President and CEO, representing CN to external groups such as shareholders and others stakeholders, including local community groups and governments.

3.2 Objectives and Performance Assessment

The Governance Committee, together with the Board Chair, develops each year objectives that the Board Chair is responsible for meeting, which objectives are submitted to the Board for approval. Every year, the Board Chair is assessed against these objectives.

As part of this assessment, a Board Chair assessment questionnaire is prepared by the Office of the Corporate Secretary, taking into account current issues and objectives, previous year's findings and input from the Board. This questionnaire is forwarded to each Board member well in advance of a meeting with the Governance Committee or the HR and Compensation Committee chair and is used as a reference tool for meetings between the chairs of these committees and each Board member to discuss such director's assessment of the Board Chair's performance during the year and suggestions on Board Chair objectives for the following year.

The Governance Committee and the HR and Compensation Committee chairs collate the information and meet with the Board Chair to discuss the findings and then report on the results of the Board Chair assessment process to the Governance Committee, which then makes recommendations to the Board for approval of Board Chair objectives for the following year.

4. COMMITTEE CHAIRS

4.1 Role

Each committee of the Board is chaired by a non-executive director (the “**Committee chair**”). The Committee chair is responsible for the management and the effective performance of his or her committee. He or she takes all reasonable measures to ensure that the committee fully executes its mandate.

The Committee chair responsibilities include the following:

A. Providing leadership to enhance committee effectiveness

- taking all reasonable steps to ensure that the committee works as a cohesive group and providing the leadership essential to achieve this;
- taking all reasonable steps to ensure that the resources available to the committee (in particular, timely and relevant information) are adequate to support its work;
- taking all reasonable steps to ensure that a process is in place for the assessment on a regular basis of the effectiveness of the committee and the contribution of each of its members.

B. Managing the committee

- chairing committee meetings;
- setting the agenda of each committee meeting, in consultation with the Corporate Secretary;
- adopting procedures allowing the committee to conduct its work effectively and efficiently;
- taking all reasonable steps to ensure that the conduct of committee meetings facilitates discussions and provides adequate time for serious in depth discussion of the business under consideration;
- overseeing the committee’s full discharge of its responsibilities.

Each Committee chair reports to the Board on the deliberations of the committee and on any decisions or recommendations of the committee.

4.2 Performance Assessment

The Governance Committee, together with the Board Chair, annually supervises the performance assessment of each Committee chair and reports to the Board on such assessment.

5. PRESIDENT AND CHIEF EXECUTIVE OFFICER

5.1 Role

The President and CEO is responsible for the management of CN's strategic and operational agenda and for the execution of the Board's resolutions and policies.

The responsibilities of the President and CEO include the following:

- formulating and recommending to the Board a business plan;
- ensuring the efficient utilization of CN's resources to meet CN's strategic objectives, including short-term and long-term growth and profitability objectives;

8. BOARD MEMBER ORIENTATION AND CONTINUING EDUCATION PROGRAMS

CN has developed, for the benefit of new directors, a Board Orientation Program, which normally includes the following:

- presentations by CN officers or other key executives on CN's organizational structure and the nature and operation of CN's business, including a review of the current business plan. Such presentations may include visits to key business locations in order to acquaint the new director with CN's business activities;
- a review with the Board Chair of the methods of operation and the roles of the Board and its committees, including a discussion of the Board performance assessment process, meeting format, access to information both included in, and outside of, the Board and Board committee meeting materials, and other factors that are important to Board effectiveness;
- a discussion on the contribution individual directors are expected to make (including the commitment of time and energy that CN expects from its directors);
- access to a summary of the legal and ethical responsibilities of Board members including a review of the Code of Business Conduct applicable to CN's directors, officers and employees;
- access to other appropriate information or outside resources as discussed with the Board Chair, given the new director's previous experience as a member of other boards of directors and the new director's responsibilities, both at the Board and committee levels.

In addition to the Board Orientation Program for new directors, the Board Chair should take all reasonable steps to ensure that Board members have access to education and information on an on-going basis and as required pertaining to the following:

- board effectiveness and the best practices associated with boards that are the most successful at adding value for their shareholders;
- briefings as required on factors or emerging trends that may be relevant to CN's current or future business strategy;
- other material as deemed appropriate by the Board Chair or as suggested to the Board Chair by other Board members.

CN also encourages directors to attend seminars and other educational programs, at CN's expense and with the approval of the Board Chair, and to report back to the Board on the quality of such programs.

9. DIRECTOR COMPENSATION POLICY

The Governance Committee annually reviews with the Board Chair and makes recommendations to the Board on the adequacy and form of the compensation for non-executive directors, taking all reasonable steps to ensure such compensation realistically reflects the responsibilities and risk involved, without compromising a director's independence. A substantial portion of the total non-executive directors' compensation package should be in the form of CN common shares or share equivalents in order to align the interests of CN's directors with the interests of its shareholders. The Board has adopted a guideline stating that each non-executive director should own, within five (5) years of joining the Board, common shares, deferred share units or similar share equivalent of CN, if any, ("**CN Securities**") with a value of the Canadian dollar equivalent of five (5) times the aggregate of the director's annual director retainer (which includes cash and the value of any grant of CN Securities and in the case of the Board Chair, the aggregate of the Board Chair cash annual retainer and the value of any grant of CN Securities, (such shareholding requirement, the "**Minimum Shareholding Requirement**"). Each director shall continue to hold such value throughout his or her tenure as a director and the CN Securities held to comply with the Minimum Shareholding Requirement shall not be, during the director tenure, the object of specific monetization procedures or other hedging procedures to reduce the exposure related to his or her holding. In addition, each director shall continue to hold CN Securities with a value of at least the Canadian dollar equivalent of 50% of the Minimum Shareholding Requirement for a period of 2 years following and commencing on, the date the director ceases to be a member of the Board.

Each director shall be required to receive at least fifty percent (50%) of his or her annual board, committee, board chair and committee chair cash retainers in CN Securities and may elect to receive up to one hundred percent (100%) of such retainers in CN Securities until his or her Minimum Shareholding Requirement is met. Once the Minimum Shareholding Requirement is met, directors may elect to receive up to one hundred percent (100%) of such retainers in CN Securities.

Directors who are executives of CN receive no additional remuneration for their services as director.

The Governance Committee also reviews and makes recommendations, on an annual basis, on the amount and form of the Board Chair's compensation.

10. ACCESS TO MANAGEMENT AND TO EXTERNAL ADVISORS

Board members have full access to executive management. Advice and counsel from directors to executive management occur both in formal Board and committee meetings and through informal, individual directors' contacts and discussions with the President and CEO, the CLO and Corporate Secretary and other members of CN executive management.

The Board relies on the information that management provides to the Board and its committees. The timeliness, quality and completeness of this information is critical to the effectiveness of Board decisions and is monitored by the Board on an ongoing basis. Nonetheless, on occasion, members of the Board may seek legal or expert advice at CN's expense from a source independent of management. Hiring of such advisors is subject to Board approval, except as otherwise provided herein with respect to the Audit Committee, Finance Committee, Governance Committee and HR and Compensation Committee.

11. EXECUTIVE COMPENSATION

11.1 Clawback Policy

The Board may, in its sole discretion, to the full extent permitted by governing law and to the extent it determines that it is in CN's best interest to do so, require reimbursement of all or a portion of any bonus or vested incentive compensation awarded to an executive management after March 4, 2008, require the reimbursement of any profit realized by the executive management from the exercise of options granted after March 4, 2008, or effect the cancellation of unvested incentive compensation awards granted to the executive management after March 4, 2008 if:

- a) the amount of a bonus or incentive compensation was calculated based upon, or contingent on, the achievement of certain financial results that were subsequently the subject of or affected by a restatement of all or a portion of CN's financial statements,
- b) the executive management engaged in gross negligence, intentional misconduct or fraud that caused or partially caused the need for the restatement, and
- c) the amount of the bonus or incentive compensation that would have been awarded to or the profit realized by the executive management had the financial results been properly reported would have been lower than the amount actually awarded or received.

In addition, with respect to bonus or incentive based compensation awarded after March 7, 2017, in the event that any executive management is found to have engaged in gross negligence, intentional misconduct, fraud, theft or embezzlement, the Board may in its discretion, to the full extent permitted by governing law and to the extent it determines that it is in CN's best interest to do so, require the reimbursement of some or all of the after-tax amount of any incentive compensation already paid in the previous 24 months or forfeit his or her vested or unvested incentive awards in accordance with plan terms.

For the purposes of this Policy:

"Board" means the Board of directors of CN or, if determined by the Board, one of its committees;

"executive management" means any officer or former officer of CN who has been designated as such by the Board; and

"gross negligence" means any act or failure to act by any executive management which was intended to cause, or which was in reckless disregard of or wanton indifference to, the significant and harmful financial consequences such executive management knew, or should have known, such act or failure would have on the Company.

11.2 Advisory Vote

The Board has adopted a policy to the effect that the Company provides, on an annual or such other basis as it may determine from time to time, its shareholders with an opportunity to cast at the Annual Meeting of Shareholders ("Meeting") a non-binding advisory vote on the Company's approach to executive compensation, as disclosed in the Statement of Executive Compensation section of the Information Circular prepared in connection with the Meeting. Such section will describe the role of the HR and Compensation Committee in overseeing compensation of executives and the Company's executive compensation principles, the structure of the compensation plans for executives, and the alignment of such plans with the interests of the Company shareholders.

The form of resolution to be put forth to the Company shareholders is set out below :

"RESOLVED that, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors, the shareholders accept the approach to executive compensation disclosed in the section entitled "Statement of Executive Compensation" of the Information Circular of the Company dated •."

Furthermore, the Board has adopted a policy to the effect that, if a majority of the shares represented in person or by proxy at the Meeting are voted against the non-binding advisory resolution, the Board Chair or the Chair of the HR and Compensation Committee will oversee a process to engage with shareholders with a view to giving them the opportunity to express their specific concerns. The Board and the HR and Compensation Committee will consider the results of this process and, if appropriate, review the Company's approach to executive compensation in the context of shareholders' specific concerns.
