

# Distribution Services

**An extensive network of  
strategically located facilities  
to serve you.**

---

# We keep your supply chain moving.

At CN, our job doesn't stop at the rail. We go the extra mile with value-added services to help you reach your markets faster and more efficiently. From liquids handled through our CargoFlo service to bulk commodities moving through our warehouse and distribution network, we've got you covered.

With expertise in shipping, transloading, stuffing and storing a wide variety of goods, we're ready to move more. When we say "We can do it," we mean it.

## CN Transload Advantage

**From truck to rail. From rail to truck.**

Get the cost savings of long-distance rail with the flexibility of short-haul trucking.

- ✓ Quick and easy access to major North American markets
- ✓ Direct connection to CN's extensive rail network for faster transit times
- ✓ Specially engineered equipment to meet customers' needs
- ✓ Efficient scheduled operations with automated EDI transactions
- ✓ Comprehensive management system for total cargo traceability

- CN rail network
- CN distribution facilities

# CN Distribution Services

## Fully integrated supply chain logistics:

### FREIGHT FORWARDING

Complete ocean freight shipping solutions to and from North America.

### WAREHOUSING & DISTRIBUTION

31 strategically located facilities in Canada and the U.S. with 1.3 million sq. ft. of warehouse space.

### BULK FREIGHT

Over 120 million tons of bulk freight handled annually.

### PROJECT CARGO SERVICES

Specialists to manage all aspects of shipping over-dimensional loads, heavy vehicles and machinery, by rail.

### AUTOMOTIVE

18 automotive facilities handling over 2 million import and domestic vehicles annually.

### GROUND TRANSPORTATION

Access to approximately 1,000 trucks network-wide for first and last mile delivery.

### CARGOFLO

18 bulk distribution facilities for liquid and dry bulk transloading.

### MARINE OPERATIONS

COGEMA rail ferry service in Quebec, and 9 Great Lakes vessels (4 docks) handling iron ore and bulk commodities.

### INDUSTRIAL DEVELOPMENT

Help to develop new rail-served sites or expand existing ones in order to grow your business.

### CUSTOMS BROKERAGE SERVICES

Licensed customs brokers to handle all your needs. Over 250,000 clearances annually.

### CUSTOMER SERVICE

One point of contact for all your supply chain needs.

### DELIVERING RESPONSIBLY

CN moves customer goods safely, acts responsibly for the environment, and builds stronger communities to deliver a sustainable future.
