In addition to access to the Port of Mobile, CN's network connects to our CargoFlo® bulk handling as well as metals and minerals distribution facilities in Mobile, which handle petroleum products from Western Canada and coal from the U.S. Midwest.

CN's strategic connection to the Port of Mobile on the Gulf Coast provides capacity and fluidity in connecting the U.S. Midwest with markets overseas. CN's daily trains between key markets such as Chicago, Detroit and Memphis provide viable options for congested supply chains.

### Network Investments

Over the past decade, CN has invested about US\$16 million to build and maintain a safe and efficient network in Alabama and to support our supply chain partners. The program focused on the replacement of rail and ties, as well as maintenance of bridges, crossings, culverts, signal systems and other track infrastructure.

### Community Investments

In 2024, CN contributed to several Alabama-based organizations, including:

**MARSHALL COUNTY CHRISTMAS COALITION** The Marshall County Christmas Coalition was formed in 1996 to assess and coordinate Christmas assistance programs in Marshall County and to foster cooperation among agencies, governmental entities, schools, businesses, churches and other community supporters.

**PROGRESSIVE AGRICULTURE FOUNDATION** The Progressive Agriculture Foundation provides education, training and resources to make farm, ranch and rural life safer and healthier for all children, their families, and their communities. CN donated to their Safety Day events.
