CN has two main-line corridors running through the western tip of Kentucky, linking CN's network in Illinois to Tennessee and points south to the Gulf Coast. Amtrak's *City of New Orleans* passenger rail service operates on CN tracks and stops in Fulton, where CN also owns and operates a railyard.

Network Investments

Over the past decade, CN has invested about US\$115 million to build and maintain a safe and efficient network in Kentucky and to support our supply chain partners. The program focused on the replacement of rail and ties, as well as maintenance of bridges, crossings, culverts, signal systems and other track infrastructure.

Community Investments

In 2024, CN contributed to several Kentucky-based organizations, including:

FEEDING AMERICA KENTUCKY'S HEARTLAND FAKH fights hunger through its network of more than 280 partners across 42 counties that serves vulnerable food-insecure seniors, families and children. CN's donation supports their Feeding Neighbors Program, which directly addresses the immediate needs of individuals and families struggling with hunger. Also, CN is contributing to improving the health outcomes of individuals and families by ensuring they have access to sufficient and nutritious food options. Finally, CN's funding is helping stabilize families and individuals in crisis, allowing them to focus on other aspects of their lives, such as education and employment.

UNITED WAY OF PADUCAH-McCRACKEN COUNTY CN contributed to the United Way of Paducah-McCracken County to support their mission to serve the community by improving conditions in education, income and health.
