At the southern terminus of CN's North American network, Louisiana handles growing volumes of traffic, notably in the triangle formed by Hammond, Baton Rouge and the Port of New Orleans. CN's major yards are in Baton Rouge, Geismar and Harahan (Mays Yard) outside of New Orleans. At Mays Yard, CN connects to the New Orleans Public Belt Railroad, which links the city's six Class I railroads. CN also has a modern intermodal facility in New Orleans. Amtrak's *City of New Orleans* service terminates in New Orleans.

Network Investments

Over the past decade, CN has invested more than US\$585 million in rail capacity, safety and intermodal improvements on its Class I railroad system in Louisiana. These capital investments are supporting a stronger, more vibrant economy in Louisiana through transportation that is safer and more efficient. The expansion program included double-tracking sidings at the Convent Marine Terminal, replacing the Baton Rouge Bridge, and rebuilding the McComb Spillway Bridge. The maintenance program focused on the replacement of rail and ties, plus upkeep of crossings, bridges, culverts, signal systems and other track infrastructure.

Special Agent T.J. Gordon engaged with students and staff at East Iberville Elementary and High School near Baton Rouge during Rail Safety Week.

Community Investments

In 2024, CN contributed to several Louisiana-based organizations, including:

AMERICAN RED CROSS OF LOUISIANA For more than 100 years, the American Red Cross in Louisiana has alleviated human suffering in the face of emergencies. Its members offer aid and resources to others to prevent, prepare for response to emergencies through immediate assistance, education, outreach and training. CN contributed toward emergency relief for southern tornadoes and hurricanes.

CITY OF HARAHAN The Harahan Park of Heroes Memorial is dedicated to 16 citizens killed in various conflicts around the world. CN is helping to bring the park up to *Americans with Disabilities Act* compliance, thereby providing access to everyone.

LOUISIANA ART AND SCIENCE MUSEUM Housed along CN's tracks in the Yazoo and Mississippi Valley Railroad Company Depot in Baton Rouge, the museum seeks to enhance the understanding and appreciation of art and science by presenting educational and entertaining experiences that encourage discovery, inspire creativity, and foster the pursuit of knowledge.

LOUISIANA SCHOOL FOR MATH, SCIENCE AND THE ARTS CN funds a scholarship at LSMSA, a preeminent state-supported residential high school with competitive admissions for high-achieving, highly motivated students, which fosters lifelong growth in young scholars.
