community investments

## TOP THREE COMMODITIES

Automotive

Intermodal

Iron Ore

CN is the largest of three Class I railroads operating in Michigan. CN's operations cross the state's Lower Peninsula with rail yards in Battle Creek, Flint, Port Huron and Flat Rock. CN also has a railcar/locomotive repair shop in Battle Creek. In the Upper Peninsula, CN has rail yards in Escanaba and Gladstone.

One in four automobiles built in Michigan is moved on a CN train. CN has an automotive distribution facility, two CN CargoFlo® bulk handling centers as well as forest products and metals distribution facilities in the state.

The Paul Tellier Tunnel between Port Huron and Sarnia serves as the border crossing for CN trains moving between Eastern Canada and the U.S. Midwest. CN has another international crossing at Sault Ste. Marie. CN also has an intermodal facility in Ferndale, in suburban Detroit. CN hosts several Michigan Amtrak trains.

All five of CN's yards in Michigan are certified by the state as Clean Corporate Citizens (C3), recognizing Pontiac, Flat Rock, Flint, Port Huron and Battle Creek for their strong environmental performance and commitment to continual improvement. CN was one of the first transportation companies to receive the C3 designation seven years ago.

CNPS Patrol Officer **David Salamas** (holding check) and **Jeffery Price**, Manager, Public and Government Affairs U.S. (right), present a check on behalf of CN to the Salvation Army in Lansing.

## Network Investments

Over the past decade, CN has invested about US\$800 million to build and maintain a safe and efficient network in Michigan and to support our supply chain partners. The program focused on bridge, tunnel and network upgrades, the replacement of rail and ties, plus maintenance of crossings, culverts, signal systems, and other track infrastructure.

## Community Investments

In 2024, CN contributed to several Michigan-based organizations, including:

**ORION TOWNSHIP** Orion Township and CN have partnered to host and sponsor the 2025 America in Bloom Symposium, a gathering for enthusiasts in community beautification, horticulture and sustainability. The three-day event will feature educational sessions, tours, ideas sharing, awards celebrations, and the chance to learn from others from across the country.

**FLAT ROCK FIRE DEPARTMENT** The Flat Rock Fire Department's services include fire suppression, medical services and other emergency and non-emergency activities. CN assisted with the purchase of a battery-powered positive-pressure ventilation fan, which prevents the spread of hazardous carbon monoxide gas.

**DAFTER TOWNSHIP FIRE DEPARTMENT AND MICHIGAMME-SPURR FIRE DEPARTMENT** CN helped these two small rural fire departments acquire emergency radio communications equipment.

**LIGHTHOUSE** Lighthouse provides food, shelter, financial assistance for rent/utilities and crisis referrals that develop and support self-sufficiency. CN sponsored Rent Party, Lighthouse's largest and most impactful event. The funds raised support Lighthouse's life-changing programs, including its shelter and housing programs that work to find families and individuals a safe place to call home.

**THE SALVATION ARMY - LANSING CAPITAL AREA** CN contributed to the organization's holiday toy drive.

**VILLAGE OF HOLLY** CN donated toward the acquisition of a new ambulance.

**AMERICA IN BLOOM** As part of our *EcoConnexions From the Ground Up* program, CN partnered with America in Bloom to promote beautification in Allen Park, Waterford Township and Royal Oak by planting trees, shrubs and groundcovers.
