CN's track extends to a yard in Toledo for interchange with eastern railroads. With a focus on local interests and the ability to link industries, extending our reach and providing flexibility, we count on our subsidiaries, the Bessemer and Lake Erie Railroad (BLE) and Grand Trunk Western Railroad (GTW), to help us deliver in Ohio. The BLE connects at Conneaut docks.

Network Investments

Over the past decade, CN has invested about US\$40 million to build and maintain a safe and efficient network in Ohio and to support our supply chain partners. The program focused on maintenance of Great Lakes Fleet vessels, the replacement of rail and ties, plus maintenance of bridges, crossings, culverts, signal systems, and other track infrastructure.

Congresswoman Marcy Kaptur of Ohio's Ninth Congressional District (center) toured Lang Yard in Toledo to observe how CN collaborates with local communities on safety and training.

Community Investments

In 2024, CN contributed to several Ohio-based organizations, including:

TOLEDO SCIENCE CENTER CN is a proud sponsor of Girl Power programming at Imagination Station at the Toledo Science Center to help encourage girls to explore science, technology, engineering and math.

AMERICA IN BLOOM As part of our *EcoConnexions From the Ground Up* program, CN donated to Ohio-based America in Bloom to promote beautification in the communities we serve in the U.S. through education and community involvement by encouraging the use of flowers, plants, trees and other environmental and lifestyle enhancements. Throughout the U.S., America in Bloom and CN completed 13 tree-planting projects in 2024. Together, we have planted more than 75,000 trees, shrubs and perennials along our U.S. network since the beginning of our collaboration in 2014.
