

Dangerous Goods Training

CN is a proud member of TRANSCAER®

Transportation Community Awareness and Emergency Response (TRANSCAER®) is a community outreach program to improve community awareness, emergency planning and incident response

- **2022 CN Dangerous Goods Outreach Program**
 - Provided training for 4,293 first responders at 283 events
 - Engaged in outreach with 3,309 community leaders and officials at 81 events
 - Hosted web-based training for 376 participants
- Since program inception, CN has trained almost 124,000 first responders at nearly 6,000 events

In 2022, CN received its 13th consecutive National TRANSCAER® Award for our first responder outreach and training program

CN has Dangerous Goods Officers strategically located across our network, equipped with specialized tools and resources to provide 24/7 emergency response and hazardous material expertise.
