“Board” means the Company’s board of directors.

“Company” or **“CN”** means Canadian National Railway Company.

“Underrepresented Groups” means the broader range of underrepresented groups covered under this Policy, including women, Aboriginal peoples, members of visible minorities and persons with disabilities, as such terms are defined under the *Employment Equity Act*, S.C. 1995, c. 44.

PURPOSE

This Policy sets forth the Company’s approach to achieving and maintaining diversity specifically in relation to its Board and among its Executive Management.

2. POLICY STATEMENT

In an increasingly complex global marketplace, the ability to draw on a wide range of viewpoints, backgrounds, skills, and experience is critical to the Company’s success. Furthermore, diversity helps ensure that a wide-variety of perspectives are brought to bear on issues, while enhancing the likelihood that proposed solutions will be nuanced and comprehensive. The Company believes in the benefits of having diversity at the Board and Executive Management levels and that it is an important element of good corporate governance, reflects the communities where we live and work and is essential in maintaining a competitive focus.

CN aims to have a Board and Executive Management who’s members represent diverse backgrounds and experiences, having regard to gender, members of visible minorities, Indigenous status, persons with disabilities, age, business experience, professional qualifications, stakeholder perspectives, and geographic context.

3. BOARD APPOINTMENTS

4.1 Selection Process

The Board’s Governance, Sustainability and Safety Committee, in consultation with the Board Chair, is responsible for recommending qualified persons for Board nominations that possess the competencies, skills, business and financial experience, leadership and level of commitment required of a director to fulfill Board responsibilities.

In considering the Board’s composition and making recommendations for Board members, the Governance, Sustainability and Safety Committee will take into account: (i) the size of

the Board; (ii) the particular competencies, skills and experience currently sought by the Board, including requirements to staff certain Board committees; (iii) the competencies, skills and experience each of the current directors possesses; and (iv) personal attributes and other qualities of each director, having regard to the benefits of all aspects of diversity on the Board.

The Governance, Sustainability and Safety Committee has developed a set of criteria for Board membership that strives for the inclusion of diverse groups in order to attain a diversity of background and skills for the Board. The Governance, Sustainability and Safety Committee has also created a search process that seeks qualified Board candidates from, among other areas, the traditional pool of corporate directors and officers, government, academic institutions, private enterprise, non-profit organizations, trade associations and professions such as accounting, human resources, finance and law. The Governance, Sustainability and Safety Committee also uses CN's network of organizations and trade groups that may help identify diverse candidates and may retain an executive search firm to help meet the Board's diversity objectives.

In addition, the Governance, Sustainability and Safety Committee periodically reviews its recruitment and selection processes to ensure that diversity remains a component of any director search and endeavors to consider the level of representation of women and other members of the Underrepresented Groups on the Board in identifying and nominating candidates for election or re-election to the Board.

4.2 Mechanisms of Board Renewal

The Board has adopted a policy on mandatory retirement age for directors whereby a director would not, unless otherwise determined by the Board, in its discretion, be nominated for re-election at the annual meeting of shareholders following his or her seventy-second birthday. The Board has also adopted a policy, which is part of the Company's Corporate Governance Manual, to the effect that the Board Chair and the Committee Chair tenures are subject to term limits. The Board also approved amendments to its Board renewal policy, to the effect that any individual nominated or elected to the Board of Directors would be subject to a 14-year term limit.

The Company is of the view that its policy on Chair term limits, together with its policy on mandatory retirement age and its director term limit, establishes a mechanism that ensures Board Chair, Committee Chair, and director renewal, provides a fresh perspective in the boardroom and improves the Board's ability to plan its composition over a longer period of time.
